# HOUSE BILL TO REGULATE PACKERS PASSED

## LEAGUE URGED TO REACH AN AGREEMENT ON MANDATE ISSUE

Retiring President Of Council Urges Members Come To Decision With U. S.

## JAPAN APPROVES PLAN

American Co-operation Must Be Secured In Solution Of World Questions

GENEVA, June 17.—Mandates, the first question before the 13th meeting of the council of the League of Nations, was disposed of speedily today when the retiring president of the council, Dr. Gaston Da Cunha, announced he had sent a note to the allies asking them to come to an agreement with the United States so that the council might act on the proposed terms of the mandates before the next meeting of the assembly.

Dr. Da Cunha then turned over the presidency to Viscount Ishii, of Japan, who, on taking the chair, expressed approval of the action of his predecessor, Herbert A. L. Fisher, representing Great Britain, voicing his approval, expressed upon the council the importance of the earliest possible settlement in the interests of the populations in territories under mandate.

Opening the session, Dr. Da Cunha declared:

"Before handing over the presidency to my successor, I want to state that, having received no reply from the United States to the invitation to send a representative to discuss the terms of the mandates, I thought it advisable to suggest to the principal allied powers that it is now time to come to an agreement with the American government before the council can act upon the proposed terms. I accordingly sent them a note asking that an accord be reached before the next meeting of the assembly. I thought this might lead to a final decision, so urgent for the welfare of the territories under mandate. I hope the council will approve."

There was no further action or comment other than the speeches of approval of Viscount Ishii and Fisher. It is considered here now that the countries which are expected to have the mandates must assume the responsibility of securing American consent to the terms.

Fisher pointed out in his speech that a solution of the question before the next meeting of the assembly was most important, as the assembly, he said, "may not understand why the mandates territories are not yet enjoying stable civil administration."

## "Baby Boy" Sought By Police: Read This Description Of Baby

PHOENIX, June 17.—Some baby! This was the general expression at police headquarters yesterday. It was occasioned by the receipt of a plaintive appeal from Albuquerque, N. M. woman. She writes:

"Won't you please help me find my baby boy? He strolled from home the latter part of May."

Anxiety of the officers to aid the heartbroken mother aroused to a high pitch and then they read the following description of the "baby boy":

"He is 23 years old, weighs 210 pounds and stands about 5 feet 11 inches in his stocking feet. He has light hair, blue eyes and fair complexion. Don't arrest him if you locate him, just endeavor to persuade him to come home."

## FIND RAILROAD MAN NOT GUILTY MURDER

EL PASO, Tex., June 17.—W. P. Hoey, special agent for the Southern Pacific line, was acquitted in the district court here today of the charge of murder in connection with the killing of Martin Nelm, who was shot by the officer as he alighted from the blind baggage of a passenger train in the El Paso yards. The officer claimed the killing was accidental. Papers found on the body of Nelm tended to show the man was a member of the I. W. W.

## DRUGS ARE SHIPPED

EL PASO, Tex., June 17.—Acting Prohibition Enforcement Supervisor John A. Toomey today announced the safe arrival in Washington of narcotics to the value of \$362,103 shipped from here.

## ILLITERACY OF U. S. YOUTHS DISGRACE SAYS PERSHING

SEAGIRT, N. J., June 17.—General Pershing told National Guard officers and men at Camp Edwards today that the illiteracy of the young manhood of the country was a disgrace and he hoped the nations would never again have to pass through such an experience with untrained minds and bodies as it did in the last war.

The problem of dealing with such men, he said, had been a great burden to officers, and all means should be taken to repair these defects in peace times as a matter of national preparedness. He recommended annual surveys of the American youth and praised the new plan of reorganization of the army and national guard as the best expression of military policy which the country has ever had. He declared that the civilian summer training camps for officers were the best substitute for universal military training.

## MACHINE GUNS INTENDED FOR WAR PURPOSES

Assistant U. S. Attorney Says Information Shows Arms Smuggled On Steamer

NEW YORK, June 17.—Assistant United States Attorney Isaac Gross tonight asserted that circumstances surrounding discovery of nearly 500 machine guns aboard the steamer East Side at Hoboken last Tuesday indicated that they were intended for use against a friendly nation and that therefore their presence was unlawful.

Gross, by direction of Attorney General Daugherty, today assumed charge of the investigation now being conducted by three federal agencies into ownership of the munitions aboard the steamer. Reports had reached government agents that the arms were intended for delivery in Ireland.

Gross said a careful investigation would be made of all circumstances connected with the discovery and, if the facts warranted, they would be put before the proper tribunal. Besides agents of the department of justice, investigators of the customs service and shipping board, owners of the East Side are working on the case.

According to Chief of Police Hayes, of Hoboken, and information in the hands of government agents here, the East Side was scheduled to stop at Norfolk to load coal for Ireland.

The excuse that the boat was not in proper condition, which the chief engineer officer is alleged to have offered for not sailing with his ship was considered a subterfuge by officials of the operating company. Their suspicions were aroused and the raid by customs men followed last Tuesday. A report was made to the shipping board, owners of the vessel, that it had been definitely established the arms had been smuggled aboard at night.

Federal agents also have been informed that an engineer officer who left the vessel when the marine strike was called had received an anonymous warning not to return. This warning was recalled only after discovery of the arms.

## Check For \$324,271 Sent Treasurer For Cochise County Tax

PHOENIX, Ariz., June 17.—Partial payments of the second installment of the 1920 taxes are being received by Raymond Earhart, state treasurer. The largest check he has received so far came today from Cochise county and was for \$324,271.53, of which \$2,000 was for back taxes. Payments received from other counties are as follows: Maricopa \$82,226.79; Greenlee \$81,398.90; Santa Cruz \$19,184.92; Gila \$236,775 in state taxes and \$526.94 in its county debt sinking fund.

## NEW MEXICAN TARIFF

TL CENTRO, Calif., June 17.—The Mexican government placed in effect today a new import tariff on meats, groceries, vegetables and fruits in the northern district of Lower California, according to information received from officials of Mexico, lower California.

## GENERAL MARCH WILL RESIGN AS CHIEF OF STAFF ON NOVEMBER 1

Will Be Succeeded July 1st By General Pershing And Then Go On Leave

## PLANS EUROPEAN VISIT

Officer Who Directed Movement Of Troops To France Is Praised By Weeks

WASHINGTON, June 17.—Major General Peyton C. March, chief of staff of the army, will retire from active service on November 1. He will be succeeded by General Pershing on July 1 and will go on leave at that time until his retirement takes effect. Secretary Weeks announced today.

General March will go to Europe after his retirement, it is understood, to write on military subjects. His request for retirement was made by letter to Secretary Weeks June 14, and approved today. On that day, General March concluded thirty-seven years' service in the army, seven more than is necessary under the law allowing officers to retire from active service.

"I cannot sever my active connection with the war department," the general wrote Secretary Weeks, without expressing my appreciation of the consideration you have accorded me personally, and in the performance of my duties as chief of staff, you have given me constant support. I wish and predict the greatest success for your administration of the affairs of the war department."

In reply Secretary Weeks said: "I regret that you have decided to take this action because I am well aware of your value to the service. I appreciate fully the very important results you have been able to accomplish."

"I especially wish to mention your success in directing the transportation of troops to Europe during this war, which was a service of great magnitude and in which you accomplished really remarkable results."

General March was chief of artillery in France when the decision of President Wilson to assign General Bliss, then chief of staff, to the supreme war council, necessitated selection of his successor. General March was recalled to fill the post at the time when movement of American troops to France was in its initial stages. It was under his direction that troop movements were speeded up sharply only to be virtually doubled in speed later, after the last great German offensive brought matters on the battle front to a crisis.

## ARIZONA BACKS UP ROAD PLANS

States Lines up with Nation's Park-to-Park Highway Delegates At Salt Lake

SALT LAKE CITY, June 17.—The second annual convention of the National Park-to-Park Highway Association, comprising a membership in 11 western states, closed in harmony this afternoon after a stormy session. Recognition of the equality of routes enclosed in the park to park circle as compared to the master highway brought Utah, Idaho, southern California, Arizona, Nevada and parts of other states into line with the program and enthusiasm over a united west was manifest.

The new map shows Salt Lake City as the hub of the national parks and the center of scenic America. The map will show the Mormon capital as the closest metropolis to the national parks and the wealth of scenic beauty in the western states is centered about it.

Sacramento, Cal., was chosen as the next site of the annual convention.

## BOND IS REDUCED

EL PASO, Tex., June 17.—Judge W. R. Smith, in the federal court today, reduced the bond of Dr. J. E. Zimmerman, alleged drug violator, from \$7,500 to \$3,500.

## Prohibition Enforcement Forces To Be Completely Re-organized; Many Offices Will Be Abolished

Changes Will Tighten Lid On Liquor And Result Saving Of Money To Department

WASHINGTON, June 17.—Prohibition enforcement officials have completed a program for the re-organization of the federal enforcement units and revision of enforcement methods. The suggested change, which includes abolishment of about half of the supervisory jobs and the establishment of a system of state directors to be held wholly responsible for enforcement and administrative work, were submitted today by Prohibition Commissioner Haynes to Chairman Penrose and Senator Watson, Republican of Indiana, of the senate finance committee.

Senators who studied the plans declared the changes would tighten the lid on liquor and would result also in a saving in the money cost of enforcing the Volstead act. Haynes and Commissioner Blair, of the bureau of internal revenue, explained that they had sought to eliminate "red tape" and make the enforcement corps more responsive to its duties.

Haynes said it had been "clearly demonstrated after a thorough trial" that the present plan of organization of the field force should be abandoned. He wanted, he said, a centralized authority, co-ordination in the handling of permissive and enforcement features and elimination of uncertainty, friction and confusion.

In addition to the creation of a single enforcement and administrative unit for each of the states, Haynes proposed abolishment of the offices of supervising federal prohibition agents, elimination of prohibition inspectors, and the designation of all enforcing and administrative officers under the state directors as prohibition agents, transfer of offices or several of the directors to "logical and accessible" locations, creation of a mobile field force, organized to operate directly under the federal commissioner, and the consolidation of all records to provide a closer check on leaks which may be sprung in the liquor supply.

Haynes' re-organization program was worked out on the assumption that the prohibition unit will remain in the treasury department, it was said.

## AIR SERVICE ROW ENDED BY WEEKS

General Menoher and Mitchell Announce Differences Have Been Patched Up

WASHINGTON, June 17.—Differences between Major General Menoher and Brigadier General Mitchell, chief and assistant chief, respectively, of the army air service, have been "satisfactorily" composed by Secretary Weeks. General Menoher has withdrawn his letter requesting the relief of General Mitchell from his department, it was said, at the request of the secretary, who announced that both "clearly understood" their positions in a way that would make impossible the recurrence of reasons which led to "friction" between air staffs.

The two officers were called into conference today by the secretary, who outlined to them his desire to continue each in his present office for the best interests of the service. After Secretary Weeks had personally investigated the differences, General Menoher was held to be justified in requesting General Mitchell's relief, but the secretary said "such action would be undesirable and unfortunate at this time." He added that General Menoher would be wholly responsible for the future administration of the air service and General Mitchell would serve primarily as an adviser because of his expert knowledge of flying and the training of personnel.

## MISS LOLITA ARMOUR WILL BE MARRIED AT CHICAGO HOME TODAY

CHICAGO, June 17.—Miss Lolita Armour, daughter of J. Ogden Armour, and James Mitchell, Jr., son of Mr. and Mrs. John J. Mitchell, of Chicago, will be married tomorrow at the home of her parents. The marriage will join two of Chicago's best known families.

The ceremony will be performed by Bishop Herman Page, of Washington. Duncan Forbes, of Rockford, Ill., will be best man and the bride will be attended by Mrs. Robert Hunter, of Pasadena, Calif., sister of the bridegroom, as matron of honor.

Extreme simplicity, it was said, will mark every detail of the ceremony.

## HAD TOO MUCH BOOZE

EL PASO, Tex., June 17.—Jesus Gonzales, seized by prohibition officers while in possession of 10 quarts of tequila and whisky, was held for hearing by the United States commissioner today. He said the liquor was his private stock.

ROY H. HAYNES Recently appointed by President Harding as federal prohibition commissioner to succeed John F. Kramer.

spectors, and the designation of all enforcing and administrative officers under the state directors as prohibition agents, transfer of offices or several of the directors to "logical and accessible" locations, creation of a mobile field force, organized to operate directly under the federal commissioner, and the consolidation of all records to provide a closer check on leaks which may be sprung in the liquor supply.

Haynes' re-organization program was worked out on the assumption that the prohibition unit will remain in the treasury department, it was said.

## DISMISS CHARGE AGAINST CLARK

Former Deputy Land Commissioner Cleared On First Complaint At Phoenix

PHOENIX, Ariz., June 17.—One of the five charges against Ben R. Clark, former deputy land commissioner, was dismissed by Justice of the Peace Nat T. McKee today and preliminary hearings on the other four were continued until July 7, by agreement of both defense and prosecution. The charge against Clark that was dismissed alleged that he had unlawfully withheld records belonging to the office of the deputy state land commissioner from his successor in the state office. It was on this charge that Clark had been before Justice McKee for a preliminary hearing since Tuesday morning.

Two of the remaining complaints against Clark charge him with having failed to turn over to his successor certain funds belonging to the land department and the other two charge him with misappropriation of public funds.

Justice McKee sustained a motion of the defense to dismiss the first complaint on the ground that no evidence had been offered to show that a crime had been committed. Judge McKee also said that the state had failed to show that Clark had any motive for withholding the records.

In dismissing the case, Judge McKee declared that he would not accept the testimony of C. C. Kells, cashier of the state land department, concerning the "change account" conducted by the land department in a local bank, as expert testimony. It was in connection with this account that Clark was alleged to have withheld the records.

Judge McKee said Kells testified the account balanced to within ten cents in part of his testimony and at another point declared there was a shortage of \$99.40 in the account.

Both the state and defense announced their intentions of having the books of the "change account" audited by an expert accountant.

## Former Leader Of Mexican Labor Is Held Under Arrest

EL PASO, Tex., June 17.—Manuel Gomez Noriega, former leader of the Mexican labor party and campaign manager for Pablo Gonzales, when the latter ran for president, has been arrested by military authorities in Mexico City on the charge of fomenting revolution against the government. This information was given out at military headquarters in Juarez today.

## KABER MURDER DESCRIBED BY ITALIAN WHO ADMITS CRIME

Says Mrs. Kaber Agreed To Pay He And Companion \$5000 Each for Slaying

## IMPLICATES OTHERS

Man Held In Buffalo Claims Mrs. Colavito Brought Up Murder Conversation

BUFFALO, N. Y., June 17.—Salvatore Cala, arrested today at Eden, near here, confessed, according to District Attorney Guy B. Moore, that he was one of the two men who killed Daniel Kaber, Lakewood, O., publisher, in the summer of 1919. According to the district attorney, Cala said that he held Kaber in bed while Victorio Pisselli, a companion, stabbed him.

Moore gave out what he termed a summary of the essential facts in Cala's alleged confession. This, in part, was as follows:

"Cala said that the subject of the murder of Mr. Kaber was first brought up by Armenia Colavito, a mid-wife. She told him that Mrs. Kaber wanted to get rid of her husband, as she was getting tired of him. The mid-wife told Cala that she had tried to kill Kaber by administering poison to him on several occasions and had failed. Mrs. Kaber would pay \$5,000 to him if he would kill Kaber, the mid-wife told him.

"Cala and Pisselli met Mrs. Kaber several days after this. They went to the Kaber home and Mrs. Kaber showed them the room in which Kaber slept. She told them that she would let them know when they were to kill her husband and also agreed to pay them \$5,000.

"Several days later, Cala was notified to come to the Kaber home. When he and Pisselli arrived they found the front door open. They heard the sound of women's voices but saw no one as they walked into the house and into the room where Kaber was asleep.

"Cala said that the man was slightly aroused, but he held him while the other man cut him up with a knife. They left him dead in bed before they left the room. The men left the house without seeing a person. The door was open for them and they heard women's voices when they went out.

"Cala did not receive the money, and he thinks the Colavito woman 'double-crossed' him. That is the substance of his confession. Following his statement, Cala was held pending the arrival of Cleveland officials.

## Woman Confesses

CLEVELAND, Ohio, June 17.—City and county officials left here today for Buffalo, armed with a warrant charging Salvatore Cala, arrested there today, with first degree murder in connection with the death of Daniel F. Kaber.

Cala's arrest, police said tonight, leaves only one man to be implicated in the murder still at large and his arrest was expected momentarily. His identity was not divulged.

The names of Cala and a companion who are alleged to have stabbed Kaber to death two years ago were revealed by Mrs. Erminia Colavito, according to Prosecutor Stanton, in a confession shortly after her arrest several days ago.

The trial of Mrs. Eva Catherine Kaber, indicted for murder in connection with her husband's death will be started June 28.

Her defense will be insanity. It was indicated by her attorney.

## FOGH WILL BE LEGION GUEST

KANSAS CITY, Mo., June 17.—Marshal Foch, of France, has accepted an invitation to attend the annual convention of the American Legion here this fall, according to a telegram received today from Lemuel B. Bolle, of Indianapolis, national adjutant of the Legion.

The telegram sent to Albert E. Hutchings, chairman of the convention committee, reads:

"Just received official notice from Marshal Foch that he accepts the invitation to attend the Kansas City convention. Congratulations."

## SENATE VOTES MEASURE AFTER VOTING DOWN 2 SIMILAR BILLS

Secretary Of Agriculture To Have Power To Control All Packers Under Plan

## PUT "TEETH" INTO BILL

Ashurst Votes for Regulation While Cameron Opposes It Upon Final Ballot

WASHINGTON, June 17.—The long fight in congress over legislation to regulate the packing industry was virtually ended today through adoption by the senate, 45 to 21, of the regulatory bill recently passed by the house. Several amendments to the senate measure were returned to the house, which probably will order it sent to conference.

Passage of the house bill came after seven days of continuous and heated debate and after the senate had voted down the bill reported by its agricultural committee and a measure offered by Senator Sterling, Republican of South Dakota. The house bill as passed provides for regulation of the meat packers of the country by the secretary of agriculture. The agricultural committee bill, which provided for regulation by a livestock commissioner was rejected, 37 to 34, yesterday and today was defeated again 34 to 31. The Sterling bill with provisions similar to the committee measure except for regulation by the federal trade commission, went down to defeat, 33 to 31.

The house bill on the final roll call was supported by 27 Republicans and 18 Democrats and opposed by 15 Republicans and six Democrats.

How They Voted  
The roll call on final passage of the house bill:

FOR  
Republicans: Borah, Burton, Capper, Cummins, Curtis, Ernst, Frelinghuysen, Goodrich, Harrell, Johnson, Jones (Washington), Kenyon, La Follette, Lenroot, Lodge, McCormick, McNary, McNary, Nelson, Nicholson, Norris, Oddie, Poindexter, Shortridge, Spencer Sterling and Sutherland—27.  
Democrats: Ashurst, Caraway, Gerry, Glass, Harris, Hefflin, Jones (New Mexico), Kendrick, Myers, Overman, Owen, Pittman, Sheppard, Swanson, Trammell, Walsh (Massachusetts), Walsh (Montana), Watson (Georgia)—18. Total, 45.

AGAINST  
Republicans: Brandegee, Cameron, Dillingham, Edge, Fernald, Keyes, Knox, McLean, New, Phipps, Smoot, Wadsworth, Warren, Watson (Indiana), and Weller—31.  
Democrats: Broussard, Dial, King, Stanley, Underwood, and Williams—6. Total, 21.

The more important amendments made by the senate included one by Senator Kenyon, Republican of Iowa, requiring packers and stockyard operators to keep such records and statements of account as the secretary of agriculture may require and authorizing the secretary to prescribe uniform methods of accounting and to examine business methods. Insertion of this amendment was described by packer regulation forces as having "put teeth in the house bill." Another amendment adopted is designed to remove the small-butcher from the regulation.

## Forbids Monopoly

The bill forbids the packers to engage in unfair or deceptive devices or practices, to apportion the supply by inter-dealing or restrain commerce or create monopoly, or to manipulate prices by inter-dealings. It also prohibits stockyard operators charging unreasonable rates or engaging in deceptive practices.

The house bill, during the debate in the senate, generally was described as less drastic than the agriculture committee measure and Senator La Follette, Republican of Wisconsin, charged that it had been written in part by the packers. The Wisconsin senator voted for the house bill on the final roll call and later explained that the Kenyon and other amendments had made it more acceptable.

## SANTA FE SHOP MEN TO VOTE ON WAGES

TOPEKA, Kas., June 17.—Three thousand workers in Santa Fe shops here will vote Saturday night on the question of accepting the reduction of wages authorized by the United States railroad labor board. The alternative is to strike.
